REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: Independent claims 1, 8, 13, 15 and 21 disclose a bipolar electrosurgical instrument with a converting element with two positions one in contact with an active electrode and a second position in contact with a return electrode all with both of the positions affecting the effective surface area of the active electrode relative to the return electrode. This articulation is depicted in figures 4a and 4b. The converting element is element 42, the active electrode is element 40 and the return electrode is 44. The prior art neglects to disclose this dynamic configuration described in each of independent claims 1, 8, 13, 15 and 21.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Peter J. Vrettakos whose telephone number is 571-272-4775. The examiner can normally be reached on M-F 9-6.
